

## Primary Meeting Minutes – (Alpine Schools)

September 4, 2008

Present:        Jan Hill                    (St. George's)  
                  Benjamin Corset        (ISL)  
                  Bryce Lovell            (JFK)  
                  Simon Hayden        (Aiglon)  
                  Serge Bodenghien    (Haut Lac)

### 1.        Introductions and Overview

Bryce gave some quick background information on the Primary Committee's and why it is important that we have them.

Its purpose is to add more primary, categories 5 & 6, events to the SGIS calendar in both competitive and non-competitive disciplines.

### 2.        New Events

Two new events were proposed for the 2008/09 calendar, both events will take place in the spring term, however, no exact dates were agreed upon.

Jan Hill from St. George's offered to host a gymnastics day for boys and girls in SGIS categories 5 & 6. The objective of this event will be to introduce students to the sport of Gymnastics and have a fun day with workshops in the morning and ending in a mixed school gymnastics display in the afternoon. A more detailed schedule and further organization of this event will have to be discussed at the next primary committee meeting.

Benjamin Corset of the International School of Lausanne proposed a soccer fun day for SGIS category 6, perhaps just before the Bern soccer tournament at the end of the spring term. The format for this event will have to be discussed again at a later date. It was suggested that Inter Soccer be contacted to run the event.
