THE ART OF BEING BRILLIANT: Your Wellbeing Launchpad

In a world where there's a lot of talk about 'best self' and 'living your best life', THE ART OF BEING BRILLIANT shows you how. Based on the science of positive psychology, THE ART OF BEING BRILLIANT is evidence-based but with the big words surgically removed and replaced with common sense, doable principles and great fun. THE ART OF BEING BRILLIANT is grounded in the real world and applicable to all staff (teaching and non-teaching). The truth is simple – when the world's doing its worst it's even more important that we know how to be at our best.
