

# Job-Alike IB DIPLOMA LANGUAGE A

## LET'S EMBRACE THE PARADIGM SHIFT: DEVELOPING A CONCEPT-FOCUSED LANGUAGE A SYLLABUS

In this workshop, teachers of DP A Literature and/or Language & Literature are challenged to think about the courses conceptually. We will engage in structured inquiry to leverage the expertise of the participants, ultimately working in small groups to design a two-year syllabus around transferable skills and concepts, while taking into account the complex nature of their own contexts. ALL Languages welcome, but the session will be facilitated in English.
